

## TVA Insurance Diagram Services

An insurance site diagram is proof of the saying "a picture is worth a thousand words," for a precise insurance drawing is a valuable tool for insurance companies, brokers, facilities personnel, and fire departments.

### A comprehensive insurance diagram enables you to:

- Perform accurate risk assessments;
- Evaluate loss estimates;
- Manage impairments;
- Facilitate site pre-emergency plans with local fire departments.

TVA Fire & Life Safety creates quality diagrams based on national standards that you, your associates, and vendors can use and reuse for numerous purposes.

### INSURANCE DIAGRAM SERVICES

### Benefits of Using TVA Insurance Diagram Services

**Flexibility:** We can use your symbols, scale, and, company name on the legend.

**National Standards:** Our engineers use symbols authorized by the National Fire Protection Association – instead of proprietary ones – so your drawings can be understood and will be accepted by all parties: insurance companies, brokers, and especially fire departments (for facility pre-emergency planning).

**Internet Accessible:** Your drawings can be posted on TVA Total Vision, a password-protected portion of our Web site, giving you 24/7 worldwide access. We also can provide your diagrams on paper, disk, or in AutoCAD format.

**Accurate:** All of our drawings incorporate a graphic scale. So no matter how much you reduce or enlarge the original drawing, you can accurately measure dimensions.

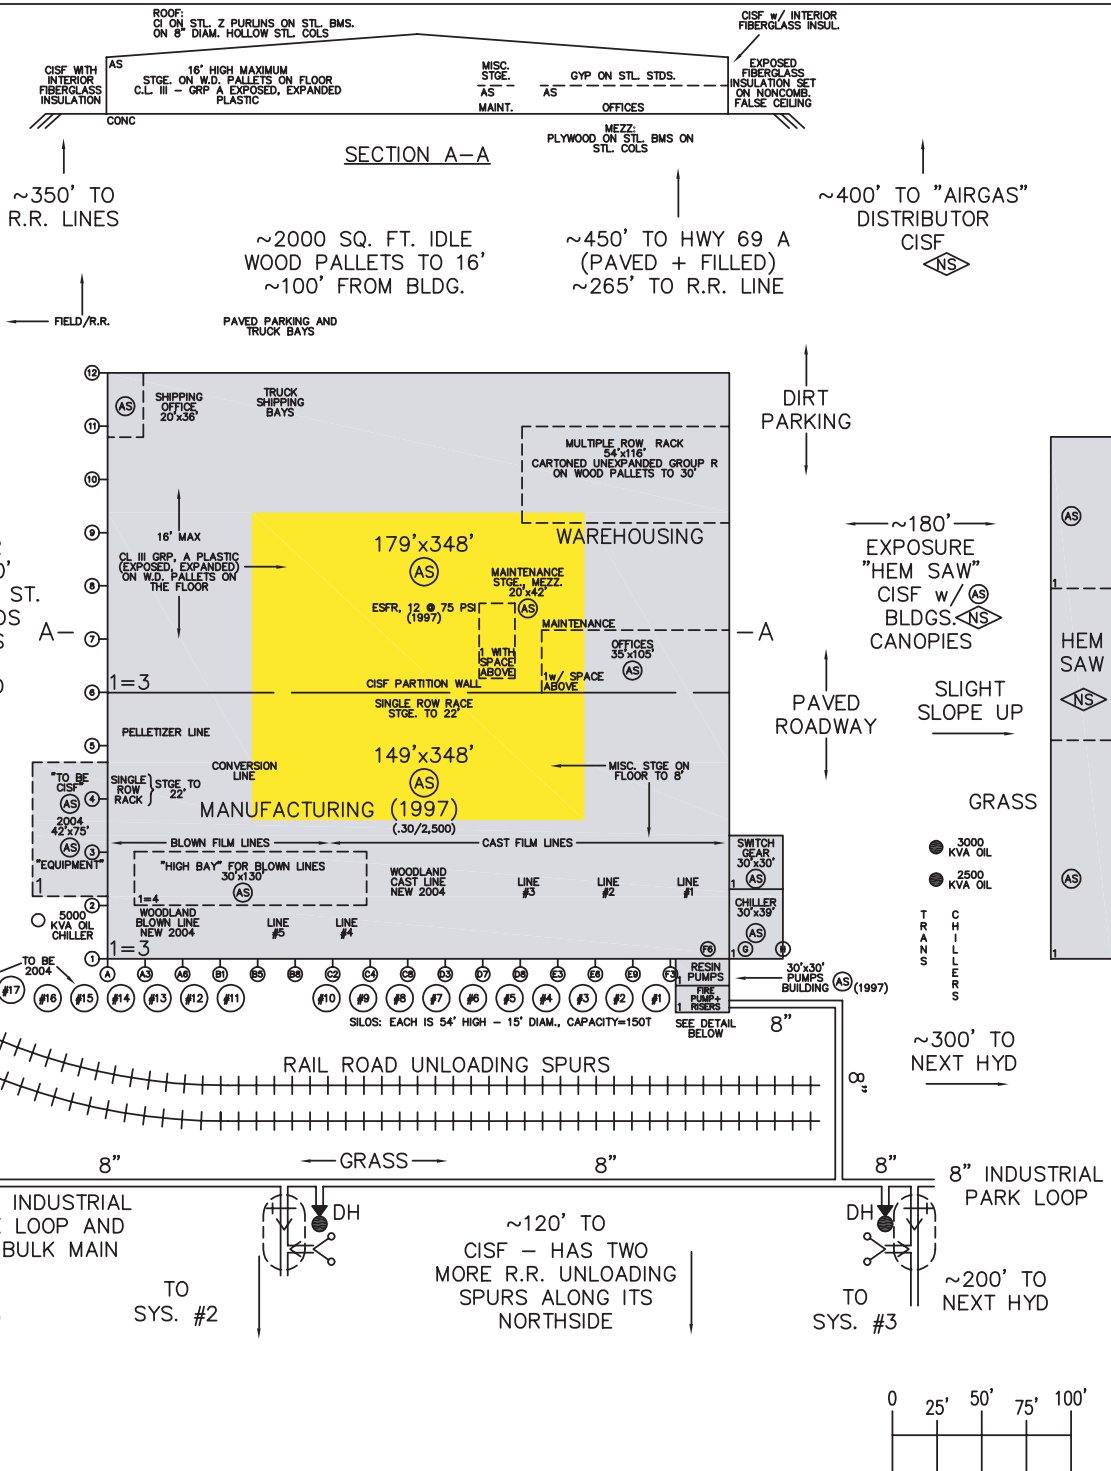

**Color Coded:** To make drawings easy to read, we employ a color-coded system.

And when your drawings are complete, we provide you with the AutoCAD files, giving you true portability.

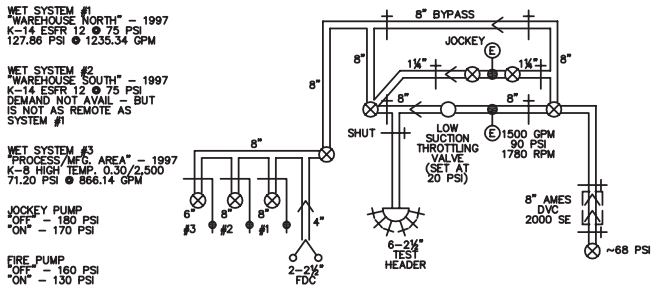

TVA Fire & Life Safety has offices around the US and one in the UK to serve you: San Diego, CA; Los Angeles, CA; Atlanta, GA; Detroit, MI; Minneapolis, MN; St. Louis, MO; Mt. Arlington, NJ; Dallas, TX; Seattle, WA; Newark, DE; and London, UK. For more information, please call 858-795-1000 or visit our Web site at [www.tvafiresafety.com](http://www.tvafiresafety.com).

# Sample Diagram

TVA Fire & Life Safety insurance drawings use National Fire Protection Association symbols, are provided in AutoCAD format, use a graphic scale to ensure accurate readings, and are color-coded for easy reading.
